May – August 2018

Kicking off the Sunday morning worship service at the National ABA Meeting

Dear Brothers and Sisters

So sorry this mission report is late. May was spent in Maryland and Pennsylvania. We had a wonderful time at Lighthouse BC Mission conference. Heard challenging preaching and fellowshiped with other missionaries around the country. Visited a very nice tea house and went to the Sight and Sound in Lancaster PA.

June we returned home for a couple of weeks and got to celebrate my mother's 86th birthday. It was a wonderful time having my brother and sisters together again. We always have opportunities to sing locally.

We look forward to the National Meeting every year. This year we were asked to do the music for the Sunday morning worship service that began the meeting. We were blessed to sing at the mission builders breakfast. Greatly appreciate all those men and women who help churches with their buildings. We have worked on some of the buildings and the builders are a real encouragement to the churches.

July was spent in Indiana, Michigan and West Virginia. We went for a radio interview in WV. It ended up being a swap and shop program, we would take calls of what people were selling then we would sing a few songs then we would take some more calls. After a while they would just call requesting different songs. It was an awesome experience.

August was spent here at home while singing locally in MO and AR. On Aug 23 and 24 we had the privilege of doing a concert to 135 inmates at two separate prisons in south AR. It was an amazing opportunity and awesome services. We look forward to possibly doing it again in the future. Please pray for God to move mightily in the lives of these prisoners. They need Jesus! Also pray for David and Toni Shockey who spend their lives ministering in prisons across the state of AR.

God has exceedingly supplied for us to be able to pay off our travel trailer this month. PTL. But we have also had some adversity. We had to put on brakes, a caliper and a clutch fan, on the 03 Dodge, and had a tire blowout on the trailer. We now have repair on the underbelly of the trailer and also had some repair on the slide out. But things are working great now. God is so good.

So thankful for God's protection on our journeys. We want to thank all of those who have been praying for us. We are so grateful for the many opportunities given to us to share the Gospel through music. Please continue to pray for our safety and for financial support as we strive to continue doing what God has called us to do.

Thank you for your faithful prayers and support. We love you all GOD BLESS!

Singing at the mission builders breakfast at the National Meeting

Sang at several nursing homes in Maryland and Indiana
